OFFICE OF THE BOARD OF HEALTH,
HONOLULU, December 18, 1893.

Owing to the existence of Scarlet Fever on the Island of Hawaii, the Board of Health deems it necessary for the information of the public to publish the following:

SIGNS OF SCARLET FEVER.

Scarlet fever first shows itself with headache, vomiting, sore throat and high fever. Within twelve or twenty-four hours, a fine bright scarlet rash appears on the face and upper part of the body, soon spreading over the whole surface. After the third day it fades. After the eighth day the skin begins to peel in fine scales on the body often in large flakes from the hands and feet. This scaling lasts from four to six weeks. There is danger of spreading from the time of the appearance of the rash until the skin has entirely peeled off. The flakes of dry skin are especially dangerous in spreading the disease.

Any person showing the early signs before mentioned should be immediately reported to the Health Officials.

President Board of Health.

DOINGS OF THE BOARD OF HEALTH.

Contracts for the Supplies of the Leper Settlement Awarded—Several Applications for Positions as Government Physicians—Minor Matters of the Meeting.

The Board of Health met at 3 o'clock Wednesday afternoon, President Smith in the chair. There were present members Waterhouse, Lansing, Ena, and Dr. Andrews and Agent C. B. Reynolds.

The minutes of the last meeting were read and approved.

The list of those who were awarded contracts for furnishing supplies for the leper settlement for the next six months was presented by the Secretary.

A letter from Mr. Myer, the superintendent of the leper settlement, pertaining to matters at the settlement, was read. It was as follows:

With regard to the little girl about whom I wrote to you. The father is all at once unwilling to let her go, unless I guarantee that she will be returned. This, of course, I can't do, as she is not a leper. It seems that the father prefers to see his poor daughter die, rather than to give her a chance to live.

Clean persons from the leper settlement have been admitted into the Queen's Hospital before this, without the least objection on the part of the then doctors and the trustees, and why not?

I beg to draw your attention to the pal-ai supply. Mr. Hutchinson informs me that the pal-ai supplied is old and sour and the people complain about it. Would you kindly ask Messrs. Lee Chu & Co. to try and remedy this.

Another trouble is, that the boats used in landing freight seem to be leaky and damage bread and other goods accordingly. Mr. Hutchinson writes that he spoke to the steamer people (probably the boat's crew only) and they paid no attention to it. I have asked Mr. Hutchinson to send me a written statement, signed by him and two trustworthy witnesses.

Yours respectfully,
R. W. MEYER,
Agent of Board of Health.

It was explained that, in regard to the young girl of whom he spoke, Mr. Meyer was laboring under a false impression. Dr. Wood's only objection was that he refused to operate on the child unless with the full consent of the parents.

It was moved that the surgeon write Mr. Meyer to assure him that after the operation, if successful, the girl would be returned to the settlement. Carried.

The secretary was instructed to notify Lee Chu & Co. that if the pal-ai for the settlement was not improved in quality, it would be a breach of their contract.

Two tenders for beef cattle were read to the Board, one from Godfrey Brown, as trustee of the Parker estate, and one from Mr. Meyer, of the Molokai ranch. The contract was awarded to the latter.

A letter from Sheriff Williams of Hilo was read. He reported two new cases of scarletina in Hilo, both at Wainaku plantation. A quarantine was being strictly enforced.

A letter was read from Dr. J. McGittigan, asking to be appointed a Government physician when a vacancy occurred.

Hurley J. Aiken, of Napa, Cal., sent an application for the position of Government physician of Makawao, Maui, in case a vacancy occurred.

The matter of the application of Dr. Robert P. Myers, for a license to practice medicine was brought up. Dr. Andrews reported his papers as correct, and, on motion, the President was instructed to recommend the Minister of the Interior to grant such license.

The following letter was received from Dr. C. M. Hyde:

HONOLULU, H. I., Jan. 3, 1894.
To the Honorable Board of Health.
GENTLEMEN:—On behalf of the Hawaiian Board (of the Evangelical Association) I am instructed to ask if the work done by you to mitigate under provisions of the Act to Mitigate, etc., cannot be transferred from Miller street to the prison or to some other part of the city.

Sufficient funds have been secured to build a parsonage for the Portuguese pastor, and we should like to secure from the Commissioners of Crown Lands a lease of the lot now occupied by you on Miller street.

We are of the opinion that such a change would be in the interest of public morality and are hopeful that your honorable body will find it practicable to comply with the request herewith made.

Very respectfully,
C. M. HYDE,
Secretary.

Mr. Waterhouse moved that the committee on sanitation look into the matter, and report next week. Carried.
The Board then adjourned.

MINISTER WILLIS SPEAKS.

Full Text of His Famous Demand Upon the Provisional Government.

The following is the text of the address which Mr. Willis made to the Executive Council on December 19th, embodying the demand that they should step down and give place to Mrs. Donnan.

Mr. President and Gentlemen: The President of the United States has very much regretted the delay in the Hawaiian question, but it has been unavoidable. So much of it has occurred since my arrival has been due to certain conditions precedent, compliance with which was required before I was authorized to confer with you. The President also regrets, as most assuredly do I, that any secrecy should have surrounded the interchange of views between our two Governments. I may say this, however, that the secrecy thus far observed has been in the interest and for the safety of all your people. I need hardly premise that the President's action upon the Hawaiian question has been under the dictates of honor and duty; it is now and has been from the beginning absolutely free from prejudice and resentment and entirely consistent with the long established friendship and treaty ties which have so closely bound together our respective Governments.

The President deemed it his duty to withdraw from the Senate the treaty of annexation which had been signed by the Secretary of State and the agents of your Government, and to dispatch a trusted representative to Hawaii to impartially investigate the cause of your revolution and to ascertain and report the true situation in these Islands. This information was needed the better to enable the President to discharge a delicate and important duty.

Upon the facts embodied in Mr. Blount's reports, the President has arrived at certain conclusions and determined upon a certain course of action with which it becomes my duty to acquaint you:

The Provisional Government was not established by the Hawaiian people or with their consent or acquiescence, nor has it since existed with their consent.

The queen refused to surrender her powers to the Provisional Government until convinced that the Minister of the United States had recognized it as the de facto authority, and would support and defend it with the military force of the United States, and that resistance would precipitate a bloody conflict with that force.

She was advised and assured by her ministers and leaders of the movement for the overthrow of her government that if she surrendered under protest her case would afterwards be fairly considered by the President of the United States.

The queen finally yielded to the armed forces of the United States then quartered in Honolulu, relying on the good faith and honor of the President when informed of what had occurred to undo the action of the Minister and reinstate her and the authority which she claimed as the constitutional sovereign of the Hawaiian Islands.

After a patient examination of Mr. Blount's reports, the President is satisfied that the movement against the queen, if not instigated, was encouraged and supported by the representatives of this Government at Honolulu; that he promised in advance to aid her enemies in an effort to overthrow the Hawaiian Government and set up by force a new Government in its place, and that he kept this promise by sending a detachment of troops to be landed from the Boston on the 16th of January, 1893, and by recognizing the Provisional Government the next day, when it was too feeble to defend itself, and the Constitutional Government was able to successfully maintain its authority against any threatening force other than that of the United States already landed.

The President has therefore determined that he will not send back to the Senate, for its action thereon, the treaty which he withdrew from that body for further consideration on the 9th day of March last.

In view of these conclusions I was instructed by the President to take advantage of an early opportunity to inform the queen of this determination and of his views as to the responsibility of our Government. The President, however, felt that we by our original interference had incurred responsibility to the whole Hawaiian community, and that it would not be just to put one party at the mercy of the other. I was therefore instructed at the same time to inform the queen that when reinstated, that the President expected that she would pursue a magnanimous course by granting full amnesty to all who participated in the movement against her, including persons who are or who have been officially or otherwise connected with the Provisional Government, depriving them of no right or privilege which they enjoyed before the revolution of last January, and that all obligations created by the Provisional Government in due course of administration should be assumed.

In obedience to the command of the President, I have secured the queen's agreement to this course and I now deliver a writing signed by her and duly attested, a copy of which I will leave with you. I will read now that writing. I will read from the original leaving with you a certified copy:

"I, Liliuokalani, in recognition of high sense of justice which has actuated the President of the United States, and desiring to put aside all feelings of personal hatred or revenge and to do what is best for all the people on these islands, both native and foreign born, do hereby and herein solemnly declare and pledge myself that if reinstated as the constitutional sovereign of the Hawaiian Islands, that I will immediately proclaim and declare unconditionally and without reservation to every person who directly or indirectly participated in the revolution of January 17, 1893, a full pardon and amnesty for their offenses with restoration of all rights and immunities under the constitution and the laws which have been made in pursuance thereof and that I will forbid and prevent the adoption of any measures of prescription or punishment for what has been done in the past by those setting up or supporting the Provisional Government."

"I further solemnly agree to accept the restoration under the Constitution existing at the time of said revolution, and that I will abide by and fully execute that Constitution with all the guarantees as to person and property therein contained."
"I furthermore solemnly pledge myself and my government, if restored, to assume all the obligations created by the Provisional Government in the proper course of administration, including all the expenditures for military and police service; it being my purpose, if restored, to assume the government precisely as it existed on the day when it was unlawfully overthrown."

Witness my hand this 18th day of December, 1893.

LILLIUOKALANI.

Attest: J. O. CARTER.
It becomes my further duty to advise you, Sir, the Executive of the Provisional Government and your Ministers, of the President's determination of the question which your action and that of the queen devolved upon him, and that you are expected to promptly relinquish to her her constitutional authority. And now, Mr. President and gentlemen of the Provisional Government, with a deep and solemn sense of the gravity of the situation, and with the earnest hope that your answer will be inspired by that high patriotism which forgets all self-interest, in the name and by the authority of the United States of America, I submit to you the question: Are you willing to abide by the decision of the President?

How often it has been said by the croakers that there is no business, everything is dead, times are hard, and everything is going to the bad here in Honolulu, but the California Feed Co. are not built that way; we say business is good and getting better every month. And to prove what we say we have had to take larger and more commodious warehouses. We have just completed arrangements with Mr. J. F. Colburn, whereby he gives up his old stand, corner Queen and Nuuanu streets. We take possession on November 15th. Our old place at Lele is too small for our fast increasing business, hence the change.

We expect the Hawaiian bark Mauna Ala to arrive here again in a few days with her fourth full cargo of hay and grain bought by our Mr. J. N. Wright who will arrive on the bark. We prefer to select our merchandise ourselves rather than have others do it, which means that we get better goods at a less price.

We thank our many friends for their liberal patronage for the past three years, and hope by strict attention to a business we thoroughly understand to merit the patronage of as many more.

We intend to keep a large, well selected stock of the very best hay and grain to be had in the California market, and we are going to sell it.
